Recommended Adhesive from TOLI	TOLI ECO GA Cement	(required quantity)	for steel or plastic sub-floor	40 to 60 gram/m <sup>2</sup>	
			for mortar and wood sub-floor	60 to 100 gram/m <sup>2</sup>	
Notes on Installation	<ul style="list-style-type: none"> <li>◆Apply the adhesive on the whole surface of the sub-floor thinly and evenly. After drying, when the adhesive becomes translucent, install the tiles. Be careful not to put the tiles too tightly.</li> <li>◆Occasionally the direction of cut-piles are partly broken in part, which looks like color shading. This is one of the characteristics of cut-pile carpets and not a manufacturing defect.</li> <li>◆The stripes differ in position on a tile-by-tile basis so that they will not be exactly connected between the tiles (please refer to the installation image).</li> </ul>				
Others	Please note that the product has the indigenous odor from its materials.
