

We realize “Life with a Smile by Persistence in Safety and Security”.

## TOLI Environmental Declaration 2015-2017

We are aiming to become an environmental leading company to realize a society where “sustainability” and “lifestyle improvement” are compatible, by sincerely carrying out “Contributions to Environmental Society”.

<b>Contributions to Environmental Society</b>	
<p><b>Contribution to the environment by the products and services that can keep people's life, health, and comfort-ability</b></p>	<p><b>1. Supply the products to realize the life where safety and security is committed.</b></p> <ul style="list-style-type: none"> <li>Remove the cause of air pollution (especially indoor air pollution). ※Carbon Footprint: In Carbon Footprint system, the emission volume of green house-effect gas of a product or a service through its entire life cycle (procurement of raw materials, disposal, and recycle) is converted to CO<sub>2</sub> emission in order to indicate in a more simple and understandable way.

**For above action plans, TOLI Corporation will check and update the progress and the results on a regular basis.**

As of January 2000, we put up the slogan “TOLI ECO SPIRIT”, which is the banner to declare our determination to carry out what we can do as a manufacturer to protect the global environment. Since then, we have implemented various environmental programs in all the corporate activities such as product planning, procurement of raw materials, manufacturing, distribution, installation, use, and disposal. We will contribute more than ever to the health of human beings and the earth.
